

Wearable Panic Button

C R O W 

A sleek and lightweight wearable panic button that delivers instant emergency alerts at the press of a button.

Crow - Where Experience meets Innovation since 1977

Leveraging decades of expertise and advanced technology, Crow is redefining security for today and tomorrow.

Since 1977, the Crow Group has delivered intelligent, high-performance solutions for residential and commercial environments offering a comprehensive portfolio of cutting-edge control panels and versatile wired and wireless peripherals that make homes and businesses safer and smarter.

Our solutions serve customers worldwide through a robust global network of distributors, professional installers and central monitoring stations.

Building on its long-standing leadership in security, Crow now combines deep expertise in artificial intelligence, video analytics and cloud technologies to offer next-generation solutions for Security, Monitoring, and Telecare.

CROW's Wearable Panic Button

A waterproof, wrist-worn transceiver designed for personal emergency signalling and applications where the transmitter must remain within easy reach at all times.

Built for reliable operation in wet environments, the device is suitable for use in factories, hospitals, gardens, swimming pools and rainy conditions. Its attractive and ergonomic design ensures all-day comfort, making it as convenient to wear as a standard wristwatch.

Wearable Panic Button

C R O W 

Flexible wearing options provide fast and easy access at home or on the go.

Wearable Panic Button

Instant Emergency Activation

One-touch operation sends an immediate emergency signal when assistance is needed.

Water-Resistant Ultrasonic Design

Sealed ultrasonic construction allows safe use in the shower and other wet environments.

Wristband or Pendant Wear

Flexible wearing options provide fast access at home or on the go.

Reliable Wireless Communication

Secure wireless connectivity ensures emergency alerts are transmitted without delay.

Long-Life Battery Operation

Optimized for extended battery life with minimal maintenance.

Designed for Everyday Safety

Ideal for personal protection, particularly for seniors and at-risk individuals.

Certified Performance

EN 301489-1 , EN 301489-3 , EN 50130-4

EN 300220-2 , EN 62368-1

Wearable Panic Button

Operation Method

Unique ID serial number – 32 bit

Operating Temperature

-10°C to +55°C

(33 °F to 122 °F)

Operational Voltage

3.0VDC

Communication Protocol

Freewave2™ two-way ISM GFSK
with 5 frequencies & LBT

Battery Life

Up to 5 years

Frequency Band

ISM GFSK / OQPSK DSSS

868 - 869 / 902 - 928

Frequency And Output Power

Accurding To Local Regulations

Battery Capacity

245mAh

Current Draw

< 1µA Standby current, < 32±3mA Transmission
current, < 14 dBm Transmit Power

Power Supply

CR2032

Compliance

EN 301489-1

EN 301489-3

EN 50130-4

EN 300220-2

EN 62368-1

Integrations and Partnerships

Crow empowers organizations to develop fully integrated security solutions by leveraging advanced systems that enhance IT infrastructure and maximize the potential of Crow products.

With a robust **API interface**, businesses can efficiently manage thousands of Crow security systems, seamlessly embed functionality into their own applications, and integrate smoothly with CRM, billing, and other third-party platforms.

Real-time updates from the **Crow Cloud** keep software and clients informed and responsive, providing unparalleled control and flexibility across the entire security ecosystem.

Discover how partnering with Crow can revolutionize the deployment of security and automation solutions.
