

Smart Plugs

CROW 

CROW Smart Plugs offer remote control, smart automation, energy efficiency, extended network coverage, and enhanced safety for a seamlessly connected home.

Crow - Where Experience meets Innovation since 1977

Leveraging decades of expertise and advanced technology, Crow is redefining security for today and tomorrow.

Since 1977, the Crow Group has delivered intelligent, high-performance solutions for residential and commercial environments offering a comprehensive portfolio of cutting-edge control panels and versatile wired and wireless peripherals that make homes and businesses safer and smarter.

Our solutions serve customers worldwide through a robust global network of distributors, professional installers and central monitoring stations.

Building on its long-standing leadership in security, Crow now combines deep expertise in artificial intelligence, video analytics and cloud technologies to offer next-generation solutions for Security, Monitoring, and Telecare.

Crow's Smart Plug

The CROW Smart Plug gives you full control of your home appliances anytime from anywhere. Create customized automation scenes to manage devices effortlessly, increasing convenience while optimizing energy consumption. With RF compatibility, it integrates smoothly into your smart home ecosystem and can also extend network coverage. The device supports OTA updates, ensuring continuous performance improvements. A built-in Child Lock feature allows you to disable the physical button via the app, preventing accidental operation. Certified to CE, REACH, and RoHS standards, the Smart Plug complies with strict international safety and performance requirements.

Smart Plugs

CROW 

The EU Smart Plug is discreetly installed within a modern interior, combining refined design with intelligent control for connected home devices.

Smart Plugs

C R O W 

The UK Smart Plug integrates elegantly into contemporary interiors, delivering intelligent control and seamless connectivity for everyday appliances.

The French Smart Plug features a compact and elegant design that blends effortlessly into modern interiors while providing reliable performance for connected devices.

Where Design Meets Reliable Protection and Reliability

Available in sleek black or classic white, CROW Smart Plugs integrate seamlessly into both residential and commercial environments combining aesthetics with dependable protection.

Smart Plugs

Remote Control Anytime, Anywhere

Control connected appliances from anywhere using your smartphone for complete convenience.

Smart Automation Scenes

Create customized schedules and automation rules to simplify daily routines and improve energy efficiency.

Seamless RF Integration

RF compatibility ensures smooth integration into your existing smart home ecosystem.

Network Range Extension

Strengthens network coverage to enhance overall system reliability and connectivity.

Advanced Safety Features

Includes a Child Lock function that disables the physical button via the app to prevent accidental operation.

High Power Capacity

Supports up to 2500W and 10A load making it suitable for a wide range of household appliances.

Certified Performance

EN IEC 60669-2-1

Smart Plugs

Communication Protocol

Freewave2™ two-way
ISM GFSK with 5 frequencies & LBT

Working Humidity

≤ 95%RH

Networking:

868MHz

Maximum Current:

10A

Average Power Consumption:

<0.7W

Operating Temperature

-10°C to +55°C
(32 °F - 122 °F)

Power Supply

100-240V~, 50Hz/60Hz

Transmission Range

Up to 100 meters

Compliance

EN IEC 60669-2-1

Maximum Load:

2500W
